

## Empire Hydrogen Wins EcoStar Award for Technology Excellence

**November 22, 2018: Empire Hydrogen Energy Systems** is very proud to have been awarded the Vancouver Island EcoStar Award for Technology Excellence. This award recognizes the years of effort and millions of dollars that Empire has invested in developing the most advanced H<sub>2</sub>,O<sub>2</sub> fuel enhancement system available anywhere.

“This is nothing more than the result of a lot of work by a great team of engineers and technicians,” said Sven Tjelta, Empire Hydrogen CEO. “Our whole team, working over the past 8 years, can take a lot of pride in being recognized for building something that is really special.”

Of course the development work at Empire Hydrogen will never end. We will continue to make improvements, both small and large, to ensure Empire’s Fuel Enhancement System remains at the pinnacle of technology, with future growth ensured.
